

Achieving Your Leadership Potential

In this 3-part series, students will use Gary Chapman's *The 5 Languages of Appreciation in the Workplace* to empower and enlighten not only themselves, but their employees! Chapman addresses the relationship between managers and employees. Each student will complete a "Motivating By Appreciation" or MBA inventory.

By taking the MBA, supervisors will find their 'language' which will allow them to better communicate with their employees. Students will also discuss dealing with difficult people and team-building.

The instructor, Lillian Chapman, has over 30 years as a supervisor with Moen Incorporated and has led numerous workshops and training sessions.
