COVID-19 Surveillance Data

Beaufort County Health Department

1436 Highland Drive, Washington, North Carolina 27889

252.946.1902

Note: As we move into the next phase of the COVID-19 pandemic, we will be making adjustments to the surveillance data. Case count information has become less precise due to underreporting from at-home testing and testing avoidance. The data we have been using will be compiled less frequently and some data will be removed. Other data pieces may be added to show trends that impact our county and drive public health recommendations. These changes will be coming soon.

Wednesday, March 9, 2022			
Tests conducted on Beaufort county residents (to date)	76,101		
Total cases (tested positive)	12,747		
Total hospitalizations that have occurred	453	3.6%	
Total Deaths*	156	1.2%	
Average age of deaths (years)	74.7		
Known active cases currently in the county	333		
Currently hospitalized	3	0.9%	
Currently on a ventilator	-		
Total cases recovered	12,258	96.2%	
Seven (7) day average case rate	9.9		
Positive cases June 1 to Dec 31 (2021)**	3,447		
Breakthrough (positive after completing vaccination)**	663	19%	
Positive cases since Jan 1, 2022 (Omicron influence)***	4,636		
Breakthrough (this data lags behind case count)	1,710	37%	
Deaths* from long term care facilities	59	38%	
*Deaths reported through this website have been confirmed through a review of the death certificates. This validation process can sometimes take a long time when a resident passes in another County or State. Other sources may report presumptive totals and therefore will vary with those reported here.			
**June 1, 2021 is used as a starting point due to first breakthrough case and start of Delta Variant detected in area.			
***This period is used to determine influence of Omicron Variant on County			

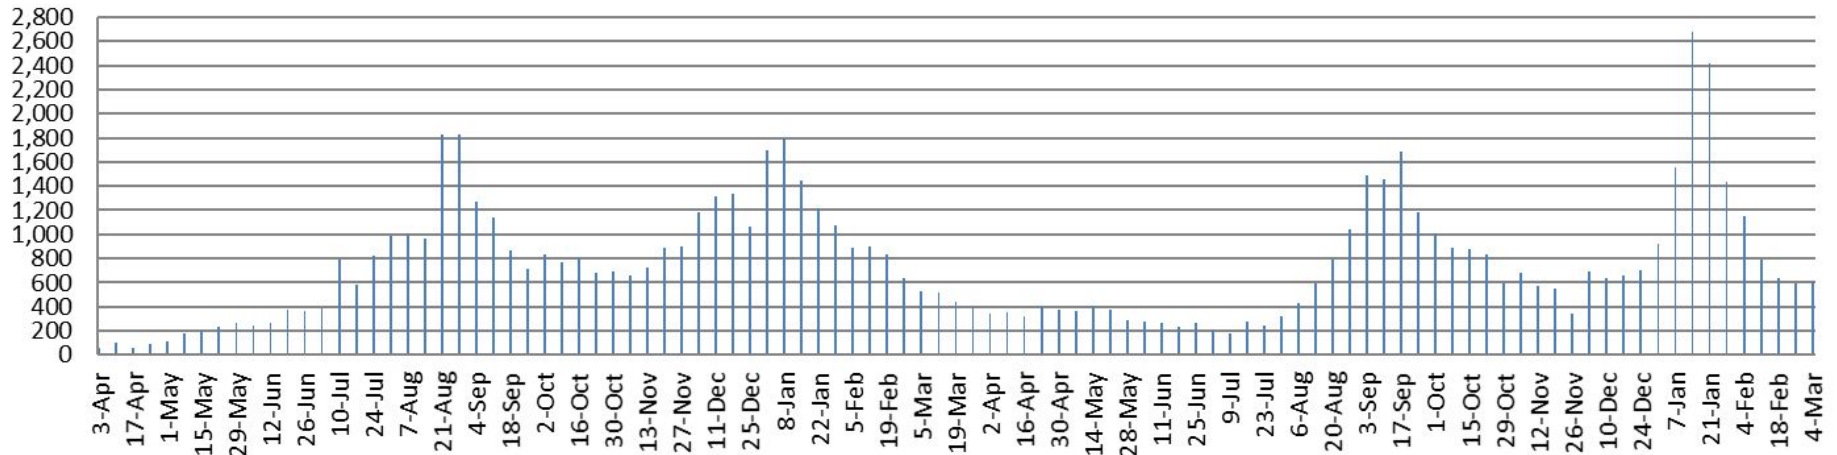

Note: As we move into the next phase of the COVID-19 pandemic, we will be making adjustments to the surveillance data. Case count information has become less precise due to underreporting from at-home testing and testing avoidance. The data we have been using will be compiled less frequently and some data will be removed. Other data pieces may be added to show trends that impact our county and drive public health recommendations. These changes will be coming soon.
